

DEVENDRA SAINI

Full-Stack Developer (React.js · Node.js · MongoDB)

Jaipur, Rajasthan, India • 7878586274 • devusaini159@gmail.com • [GitHub](#) • [LinkedIn](#)

SUMMARY

Full-Stack Developer with hands-on experience across React.js, Node.js, Express.js, and MongoDB, currently pursuing an MCA at Apex University, Jaipur. Built and shipped production-facing features including secure REST APIs with JWT authentication, role-based access control, and responsive interfaces for e-commerce and business websites. Comfortable owning a feature end-to-end — from database schema to deployed UI.

EXPERIENCE

Full-Stack Developer Intern

Jainup Digital & Growth System — Jaipur, Rajasthan | Feb 2026 – Present

- Developed and maintained full-stack web applications end-to-end, building RESTful APIs and integrating MongoDB databases with React.js frontends.
- Implemented frontend and backend features for client projects, collaborating directly with designers and stakeholders to translate requirements into working software.
- Built reusable backend modules and API endpoints to support multiple client-facing applications, reducing duplicate development work across projects.

ReactJS Developer Intern

MetaBlock Technologies — Jaipur, Rajasthan | Apr 2025 – Jul 2025

- Built responsive, reusable React.js components for client web interfaces using HTML, CSS, and JavaScript, improving UI consistency across pages.
- Collaborated with a cross-functional team in an Agile workflow, participating in sprint planning and code reviews to ship features on schedule.
- Optimized component rendering and page load behavior, contributing to a smoother, more responsive user experience.

PROJECTS

Amoli — E-Commerce Platform — Next.js, TypeScript, Node.js, MongoDB, JWT

- Built a full-stack e-commerce application with a dynamic product catalog, using Next.js and TypeScript on the frontend and Node.js on the backend.
- Developed a secure REST API with JWT authentication and role-based access control, including a dedicated admin dashboard for product and order management.

Aura Maxx — Building Materials Website — HTML, CSS, JavaScript

- Built a responsive product showcase website for a building-materials business using HTML, CSS, and JavaScript.
- Developed interactive UI components and implemented SEO-friendly semantic markup to improve page performance and search visibility.

SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Bootstrap, Tailwind CSS, GSAP

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code, REST APIs, JWT Authentication

Soft Skills: Communication, Presentation, Agile Collaboration

EDUCATION

Master of Computer Applications

Apex University — Jaipur | 2025 – 2027 (In Progress)

Bachelor of Computer Applications

Mahatma Jyoti Rao Phoole University (MJRPU) — Jaipur | 2022 – 2025
